Re: Columbia Gas of Kentucky's - Petition for Confidentiality
received 6/2/08 - PSC Case No.: 2004-00462

Dear Ms. Cooper:

The Public Service Commission has received Columbia Gas of Kentucky's Petition for confidential treatment requesting to protect as confidential certain information contained in its 2007-2008 Final Hedging Plan. This information is described as consisting of trigger prices based on the benchmark price. The trigger prices include specified quantities of winter gas purchase requirements and identify quantities of gas to be hedged.

Based upon a review of the information, I have determined that it is entitled to the protection requested on the grounds relied upon in the Petition and should be withheld from public inspection.

If the information becomes publicly available or no longer warrants confidential treatment, Columbia Gas of Kentucky is required by 807 KAR 5:001, Section 7(9)(a), to inform the Commission so that the information may be placed in the public record.

Sincerely,

Stephanie Stumbo,
Executive Director
